

RESEARCH WORKSHOPS 2021-22

Names of Faculty:

Dr. Vaidehi Lavand

Ar. Ramiya Gopalakrishnan

S.M.E.F.'S Brick School of
ArchitecturE

Design of exercises to meet the teaching objectives:

The lecture inputs were designed for the students to comprehend the importance of research as an integral part of the architectural design process. The assignment explorations were planned to align with the course objective of introducing the students to various terminologies/ methods in Architectural Research and to enable them to prepare a research proposal.

Faculty Interpretation of the assignments:

Topic of Exploration	Submission Requirement	Date
Literature Review	A4 sheet	09/03/2022
Technical Writing	A4 sheet	06/04/2022
Research Methodology Chart	A4 sheet	12/01/2022
Research Title Finalization	A4 sheet	30/03/2022

Literature review

- Aim of the exercise: To understand the process of literature review
- Designed for: Analytical learners, Visual and Auditory learners
- Method adopted and duration: Excel sheet format with matrix for literature review
- Expectations from Students: Analyzing various components of their chose research papers in the simple format give
- Format for Output: Excel sheet highlighted with review and their inferences converted to PDF
- Summary with basic observations: This helped students in understanding different research papers, questions explored, methods adopted, data collection and analysis done as well as how the researchers arrived at the conclusions.

Research Methodology Design

- Aim of the exercise: To come up with own chart of research methodology design
- Designed for: Analytical learners, Visual and Auditory learners
- Method adopted and duration: PPT and case study of faculty's own methodology design
- Expectations from Students: Design own methodology flowchart
- Format for Output: PPT presentation, Print submission
- Summary with basic observations: Intense discussion and thoughts were put forth, finalizing flow chart to specific topics
- Example of a good work:
