

Final Year RESEARCH WORKSHOPS 2023-24

Name of the Workshop: Entrepreneurship Development

Date: 03/04/2024

Venue: Final Year Studio, SMEF's BRICK School of Architecture

Name of the Expert: Dr. Pooja Misal

Introduction of Expert:

The Founder and Director of SMEF's Brick Group of Institutes, Dr. Pooja credits her success to her inspirational parents, the role of education in her life and her desire to transform the learning industry in India. She has earned her MBA from Cardiff in U.K. and is currently pursuing her PhD in education. She has also completed a course in Financial Management for non-profit from the coveted Harvard University and a short course in Book Writing from City University, UK

One of the youngest educationalists in the country, she took on the great task of setting up an institute designed for the progressive India at 25. She continues to strive for excellence at the institute by constantly evolving the curricula to match global standards, creating an encouraging learning atmosphere and building great designers of tomorrow. This is evident by

the students accomplishments on local, national and international platforms. To reach as many students as possible, she is now launching a hybrid Ed-tech platform (BrickETC) with a difference in the field of creative education which will offer over 40 courses in the first 6 months from the launch. As the Founder and CEO of BrickETC, Dr. Pooja believes that her platform will benefit a large number of students to design their lives with a strong foundation.

Dr. Pooja is also the founder and Managing Director of a startup 'Uniform Infra maintenance and services' which provides skilled staff to organization and public spaces on contract basis for housekeeping and maintenance services. This was started in order to create as much employment as

possible in an organized manner. She is an investor in a hospitality start-up. She is also an elected member on the board of directors of Vidya Sahakari Bank - a cooperative bank in Pune. Her future plans include setting up many more state-of-the-art institutes and eventually a Private University. Dr. Pooja's passion, determination, and commitment to SMEF's Brick Group gave her an opportunity to speak at a Tedx Event in Pune.

Summary of the Workshop

This workshop, led by Dr. Pooja Misal, founder director of BRICK, utilized her extensive experience in establishing the institute to offer students practical insights into entrepreneurship. Dr. Misal shared strategies for identifying business opportunities, crafting effective business plans, and navigating the challenges of launching and running a successful venture. Through interactive activities and real-life examples, students gained valuable skills and knowledge essential for entrepreneurial success.

Students participated enthusiastically, pitching business ideas.

Name of the Workshop: Entrepreneurship Development

Date: 02/01/2024

Venue: Final Year Studio, SMEF's BRICK School of Architecture

Name of the Expert: Ar. Manali Deshmukh

Introduction of Expert:

An Academic coordinator at Brick School of Architecture and a Project Management Consultant in profession Professor Manali Deshmukh has a strong view point of integrating professional experience to the demanding & challenging tasks in educational field and building a holistic approach towards profession As a concept planner for 20+years she has worked extensively on strategic development proposals for Multi family residential and institutional projects. Her in-depth understanding of the construction process and the use of latest technological advancement in the

construction industry has been the key to her successfully delivering time ,quality and cost effective solutions in her practices.

Summary of the Workshop

Under the guidance of Vice Principal Manali Deshmukh, this session took the form of a class debate focused on the fixed vs. growth mindset of entrepreneurs. Students were divided into groups to argue for and against the impact of these mindsets on entrepreneurial success. This engaging debate encouraged critical thinking and discussion about how different attitudes toward learning and challenges can influence entrepreneurial outcomes. The session provided students with deeper insights into the psychological aspects of entrepreneurship and their practical implications.
